## CONSTRUCTION MATERIALS INDUSTRY GETS NEW PLANTS

KARELO-FINNISH SSR EXPANDS CONSTRUCTION MATERIALS INDUSTRY -- *Leninskoye*  
Znaniya, No 80, 24 Apr 49

Several new construction materials plants have been built during the postwar period in Tungudskiy Rayon, Karelo-Finnish SSR. The Letnerechenkiy Brick Plant produced more than 8 million bricks during 1948 and now is preparing to produce gypsum. A prefabricated house plant produced 5,700 square meters of housing units in 1948 and 16,300 cubic meters of finished lumber.

**EAST KAZAKH BRICK PRODUCTION INCREASES --** Bol'shevik Altaya, No 43, 6 Mar 49

The Vostochno-Kazakhstan Oblast Local Industry plans to construct new and reconstruct old brick plants this year. In 1949, three existing plants will double production. Two new brick plants, each with a capacity of 300,000 bricks per year, will be built in Verkh-Uba and Eredgornoye.

NOVOSIBIRSK BRICK PLANTS EXCEED QUOTA -- Sovetskaya Sibir', No 76, 19 Apr 49

Novosibirsk Brick Plant No 2 completed the 4-month plan ahead of schedule and produced 800,000 bricks above plan. The plant completed the April plan in less than half a month. Brick Plant No 1 completed the 4-month plan on 18 April and produced nearly 500,000 bricks above plan.

SPASSK WOOD-FINISHING COMBINE COMPLETED -- Krasnoye Znamya, No 87, 14 Apr 49

The construction office of the Primorskiy Kray Agricultural Administration has built a wood-finishing combine in Spassk. A large gang saw has been installed and a dormitory and six houses for workers have been built. All housing and production areas will be provided with electricity in 1949. The combine will procure and send to kray-MTSs a large quantity of wood construction materials. It is also planned to start production of standard houses in the combine.
